BASE LEASE REQUIREMENTS

1.0 GENERAL

The intent and purpose of the following requirements and specifications is to establish minimum quality, safety and performance standards for monthly leasing of rollers, in addition to, describe a roller with engineering and design that will assure trouble-free Highway right-of-way operation with a minimum amount of down time.

2.0 BASE LEASE

MoDOT will accept quotations on new or used units. However, **the unit delivered must be completely covered by a manufacturer's or lessor's warranty, which includes replacement/repair parts, labor and transportation costs for the entire length of the lease period.** The complete units must be manufactured in accordance with the latest adopted OSHA or SAE Standards and amendments thereto. **Parts and service availability MUST be within 24-48 hours of contact.**

In the event the successful vendor has an opportunity to sell a machine that is under lease contract with MoDOT, MoDOT will allow for this as long as a suitable replacement can be supplied without causing downtime for MoDOT crews and/or paving operations.

3.0 DELIVERY & INSPECTION

Delivery will be by appointment only to allow the MoDOT Area Mechanic to do a complete inspection of the unit, at which time; photos will be taken to document the condition of the machine. An official representative of the successful bidding company shall be present to participate in the inspection. If a unit has not been provided by the lease period start date, the compensation due the lessor will be reduced at a rate of \$250.00 per day for all working days a unit is not available during the lease period. If this exceeds 10 working days, MoDOT reserves the right to obtain another unit from the next low bidder or other resources. At the end of the lease period when the unit is to be picked up, no unit will be released to a freight hauling company, unless the successful bidding company representative has properly inspected the unit in the presence of a MoDOT Area Mechanic. All costs associated with delivery and pickup of leased units is the responsibility of the lessor.

4.0 MAINTENANCE AND REPAIR

The department will furnish fuel, grease lubricant of chassis, and normal maintenance cleaning. The lessor will be responsible for all scheduled oil changes and periodic services required by manufacturer or lessor. The lessor shall furnish all necessary lubricants, replacement filters (oil, fuel, air filters, etc.), replacement/repair parts, labor and transportation. The lessor will supply MoDOT with the manufacturers and/or lessor's scheduled hourly maintenance chart(s), which MoDOT will use as a guide to contact lessor when unit needs serviced.

5.0 DOWNTIME

If the unit is unavailable for use for **more than 48-hours**, at any time, **the lessor must substitute a loan unit of mutually agreed upon type.** The substitute unit must be provided within 3 days after the initial 2 days of downtime has accrued, unless a MoDOT representative agrees to a more flexible arrangement offered by the lessor. If after this time a substitute unit has not been provided or the original unit has not been repaired, the compensation due the lessor will be reduced at a rate of \$250.00 per day for all working days a unit is not available during the lease period, including the initial downtime. If this exceeds 10 working days, MoDOT reserves the right to obtain another unit from the next low bidder or other resources. If such a unit is obtained, MoDOT reserves the right to terminate the original lease with the first vendor and will continue with the second vendor for the duration of the original lease period. All costs associated with delivery and pickup of leased units is the responsibility of the lessor.

6.0 VEHICLE DAMAGE

The department will be responsible for abuse or damage to the unit beyond normal expected wear and tear for highway maintenance operations. The maximum damage claim will be established at 75% of the manufacturers suggested retail price. A copy of the manufacturers suggested retail price is to be provided at the time of delivery and retained as part of the contract.

7.0 PAYMENT

A "Notice to Proceed" will be issued following the award of the quotation. Following the "Notice to Proceed", purchase orders will be issued in June for the full five months of the lease period for the roller. Vendors are required to invoice for the full lease period amount at the beginning of the lease period.

8.0 AWARD

Award of this quotation will be made on an "Item By Item" basis using the "lowest and best" principle of award. Only one unit will be awarded; consideration will be given to hours per unit, in addition to, an inspection of the unit where necessary to check condition versus hours.

Invoicing and Payment

Remedies and Rights

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the MHTC of any existing or future right and/or remedy available by law in the event of any claim by the MHTC of the Contractor's default or breach of contract.
- b. The Contractor agrees and understands that the contract shall constitute an assignment by the Contractor to the MHTC of all rights, title and interest in and to all causes of action that the Contractor may have under the antitrust laws of the United States or State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or produced by the Contractor in the fulfillment of the contract with the MHTC.
- c. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request MoDOT to enter into such litigation to protect the interests of the MHTC, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Cancellation of Contract

- a. The MHTC may cancel the contract at any time for a material breach of contractual obligations or for convenience by providing the Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.

- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.

Bankruptcy or Insolvency

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assigned the benefit or creditors, the Contractor must notify MoDOT immediately. Inventions, Patents, and Copyrights

In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The MHTC reserves the right to return any such rejected shipment at the Contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The MHTC's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the MHTC may have.

Warranty

- a. The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by MoDOT, (2) be fit and sufficient for the purpose expressed in the solicitation documents, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the MHTC's acceptance of or payment for said equipment, supplies, and/or services.
